

Bringing in the Strings - Deluxe Package

This program is a complete system with step by step instructional video for educators.

Each package includes the following:

Assembled Dulcimers - Ready to play!

Fully assembled 3 stringed dulcimers feature solid mahogany fretted fingerboards and 275 lb cardboard soundboxes painted brick red, green, or white. All orders include a pick and noter stick for each instrument. Each instrument is also accompanied by a 28-page playing manual, the *Easy as 1, 2, 3, Dulcimer Tunes for Beginners* with a companion cassette tape. The book is mostly songs-by-number, with a short section of text. The book contains 50 songs including American Traditional, Classic, Gospel, Songs for the season, Rounds and Duets. It also has tuning and stringing instructions, chords, and an introduction to music theory.

Tuning System and Tools – Makes tuning easy for anyone!

The easy *Dulcimer Tuning and Tool Kit* features a “Qwik Tune” tuning device with pick-up and a tool kit with nippers. Two string winding tools are also included.

The Bringing In The Strings Instructional Video

This digital video presentation is designed to be an hour-long class for enrichment education. It will give you the tools to successfully integrate a stringed instrument music program into the classroom. The video is designed in chapters to make each segment easy to review.

The Bringing in the Strings digital video features chapters on:

- History of the dulcimer tracing back to Europe.
- The easy Qwik Tune tuning system that anyone can use.
- Demonstration of how to use the Easy as 1,2,3 Songbook.
- Classroom training techniques illustrated with classroom video segments.
- A 2nd grade dulcimer orchestra playing *Twinkle Twinkle Little Star*
- Complete video section on changing strings.
