

Greetings,

Thanks for coming to our web site and for your interest in our programs. We hope you enjoyed some of the stories, the beautiful artwork of the students and we hope took a look at the five minute Dulcimer Project Video showing our main program in action.

I was recently at the NAEYC national convention in Anaheim as a program presenter. During my time there talking to hundreds of educators I heard loud and clear that I needed to have a teacher friendly Dulcimer package that was affordable, fun and easy for the teachers to integrate into their classrooms! So this Special Introductory offer is designed to fit that need.

Our Special Offer to you!

In order to help you get these programs off the ground in your school, we have designed a **Special Introductory Package** for a pre-built Classroom Dulcimer or Dulcimer Project Kit package. Each includes the 65-minute CD instructional training course, a 20-tune songbook with numerical tablature, and companion cassette - everything you need to get started and implement our programs!
